**MANGO BEACH**  
 RESORT

From the initial design to the management of the hotel, the comfort of our guests is our primary concern.

Built in 2012 Mango Beach Resort provides beach bungalows and bedrooms with views across the water to neighbouring islands. Nestling individually within lush gardens they provide the best in thermal and phonic insulation.

The decoration, furnishings and equipment reflect both this attention to high standards of comfort and local Thai traditions. Free Wifi is available in all rooms.

The moderate size of our resort allows for impeccable and friendly service at all times and provides a calm and verdant environment for absolute relaxation and calm.
